

SCENIC RIVERS ENERGY COOPERATIVE

POLICY S.25

Single or Three Phase Idle Service

RESPONSIBILITY: CEO, Director of Operations and Area Supervisors

At the discretion of the Cooperative, notification by certified letter will be made to property owners of inactive services after twenty-four months of inactivity. The owner will be given the choice to either activate the service or set up as an idle service and pay the appropriate idle service fee. Failure to respond or failure to activate or set up service as an idle service will result in the service being subject to removal at the Cooperative's discretion.

Set up as an Idle Service

1. Requires one-year prepayment of applicable idle service fee.
2. If removal is requested within the first year, the Cooperative will schedule removal at a convenient time and member's advance payment shall be forfeited.
3. After first year, idle service fee will be charged to member monthly.
 - a. The member may request discontinuance of idle service; the service would then be subject to removal at the Cooperative's discretion.
 - b. Failure to pay idle service fee, (delinquent with two or more payments), will make the service subject to removal at the discretion of the Cooperative.

Service is Reconnected

1. The service's meter loop will need to be brought up to the current electrical code and Cooperative service requirements. The owner should contact the Cooperative for current specifications, costs and reconnect/disconnect fees.
2. The member will be required to agree to a one-year commitment for service.
3. If the service is disconnected within the one-year commitment period, the service reverts to the idle service classification and is subject to removal if payments are delinquent.
4. If the service is disconnected after the one-year commitment period, it will be treated as any other service, subject to twenty-four month period before subject to conditions of idle service policy.

Service is Removed

1. Reconnection of a service is subject to Cooperative's line extension policies and service rules.

Information contained in this Policy is subject to update or modification by the Cooperative at any time and at the sole discretion of the Cooperative. Such information includes (but is not limited to) policies, procedures, rates, tariffs and applications. Some information may change as a result of external factors such as new legislation or regulations. Prior to making use of the information contained herein, please check with appropriate Cooperative staff.

For the above reasons, the Cooperative requests that the recipient NOT reproduce or distribute this document, or rely solely on its contents to make any business or personal decisions.
